## Amendments to the Specification:

Please insert the following paragraph, beginning at page 19, line 18:

        Transport packets 17 consist of packets P1-P6 which compose one picture.

Please insert the following paragraph, beginning at page 20, line 4:

        In the case shown in Fig. 2, as a result of receiving overflow warning signal 16, each output interval between P3-P4, P4-P5, and P5-P6 becomes equal. As shown, interval 14 is the packet transfer time under normal condition, and interval 15 is the packet transfer time under overflow warning condition.
